APPLICATION:

- The process of making disciples involves both evangelism and teaching/shepherding.
- Disciple-making is for everyone in the Church, not just the “paid professionals”!
- How are you involved in making disciples, both locally and globally? How could you be involved?

WEEK 6: The Church—it's not just a local thing!

...and you shall be My witnesses ... even to the remotest part of the earth. – Acts 1:8 NASB

Globalization is a fashionable term these days! It has economic, political, cultural, ecological, and ideological dimensions. Roland Robertson of the University of Aberdeen defined globalization as “the compression of the world and the intensification of the consciousness of the world as a whole.” Incredible advancements in transportation and communication technologies have fueled this process in recent decades. In such an advanced, “global” society, the Church is often thought of as being “behind the times.” However, the Church was born to be global. Birthed into Greek culture and Roman rule, Church evangelists were able to travel the well-ordered roads of the Roman Empire and preach the Gospel using the common Greek language of their day. In just a few short years, the Church had expanded from Jerusalem throughout the entire Roman Empire. Even so, we are still Christ’s witnesses, and frontiers still exist on the edge of Christendom. So how are you helping your local church find a global audience for the good news of Jesus Christ?
